RENTAL POLICIES

First Hold

Requests for tentative date(s) that are made inside twelve (12) months of the event are held for two months, after which time the Arena Management reserves the right to request the date to book another event on the date(s) being held, with notification to the potential renter. Those desiring date(s) to be held more than two (2) months without an executed contract should make a request to the Arena Management and, with the Management's approval, will be granted up to one (1) month extension. Potential renters shall not assign or transfer any right or interest in tentative hold dates, including without limitation, the right to receive any payment without Management's approval of such assignment. Any such assignment without approval of Management shall be null and void. When a contract is fully executed and the appropriate deposit is received, tentative dates then receive the status of confirmed.

Second Hold

Facility and date(s) reserved on a second hold are held pending execution of a contract or the release of the first hold dates. In the event the first hold dates are released, second hold dates receive first hold status upon notification to the second party.

Challenges

If a potential renter makes a request for a tentative date being held by another party, they will be given a second hold. If the party requesting the second hold wants to challenge the date(s), Arena Management will give the first hold possessor written notice of the challenge and the first hold possessor will have seventy-two (72) hours to make a non-refundable deposit pursuant to the deposit schedule. Upon payment of the deposit, the first hold possessor will be granted the date and will have fourteen (14) days from the date of receipt of the deposit to sign and return a contract. If the executed contract is not received by the Arena within fourteen (14) days, the date will then be made available to the second hold possessor. The second hold possessor will have seventy-two (72) hours from receipt of written notice or the availability of the date to return a signed contract and make a non-refundable deposit pursuant to the deposit schedule. First priority event holds may not be challenged by lower priority events. When a contract is fully executed and the appropriate deposit is received, the date is now confirmed and is no longer subject to a challenge.

Hold Sequences

When two (2) potential renters are vying for the same act, the promoter who signs the act receives the contract for the date(s) regardless of the hold sequence.

Confirmed

The dates are considered confirmed only upon execution of the UBC Thunderbird Arena Rental Agreement specifying all details of the commitment (including receipt of appropriate deposit) by the event sponsor/promoter and the Arena's Manager.

Once the contract is prepared, it will be sent to the event sponsor/promoter. From the date of the contract, the Arena will continue holding the date(s) without a properly executed contract for fourteen (14) days. If the executed contract is not returned within this time limit, the Arena may contract with other parties for the use of the building on the same date(s), without notification to the potential renter. The original contract must be signed and returned to the Arena with the required deposit. The Arena Manager will then return a signed fully executed contract to the renter. The properly executed contract, deposits and insurance certifications must be in the office of the Arena Manager fourteen (14) days prior to the event or the Arena reserves the sole exclusive right to cancel the event. Persons booking events less than fourteen (14) days out must provide the aforementioned materials upon the booking date.
